# Activities and experiences

## Computer or technology

9, 10, 11, 12 (Year)
Post-HS
(06/2027–present)
24 hr/wk, 50 wk/yr
Will continue

**Independent Developer Collective, Lead Game Developer and Soundtrack Composer**
Founded and led development of an online video game with 700K+ hours of playtime, 20K+ players, and secured #3 ranking on major web platform.

## Music

9, 10, 11, 12 (School)
Post-HS
(08/2027–present)
20 hr/wk, 40 wk/yr
Will continue

**NYSSMA, NMEA, First chair cellist and soloist**
First chair cellist in school orchestra, second chair cellist and soloist in school district orchestra, cellist in all county string orchestra.

## Science or math

9, 10, 11, 12 (School)
Post-HS
(08/2027–present)
4 hr/wk, 24 wk/yr
Will continue

**New Hyde Park Memorial High School Mathletes (ranked 10th in nassau county), 11th: Vice President 12: President**
Explained and lectured olympiad math questions and topics, perfect team competition scores, placed in the top 50 in the county.

## Theater or drama

11, 12 (School)
10 hr/wk, 12 wk/yr
Will continue

**New Hyde Park Theater, Solo Cellist**
Participated in the school musical's pit orchestra as the only cellist.

## Science or math

9, 10, 11, 12 (School)
4 hr/wk, 24 wk/yr
Might continue

**New Hyde Park Science Olympiad, 11th - Team Coordinator 12th - Vice President**
Led and participated in a regional science olympiad competition, team had placed top 10 in events and improved score from previous years

## Music

11, 12 (School)

**New Hyde Park ABC Orchestra, 11th - Equipment Manager 12th -**

PREVIEW

3 hr/wk, 36 wk/yr
Might continue

**Equipment Manager**
Participated as first chair cellist in ABC (anything but classical) orchestra, had many solos and volunteered to help with musical equipment.

## Community service or volunteer work

9, 10, 11, 12 (School)
2 hr/wk, 20 wk/yr
Will continue

**Volunteer Tutor**
Provided free math and science tutoring to students for algebra I, algebra II, geometry, precalculus, AP calculus BC, AP stats, regents chem, AP Chem

## Music

10, 11, 12 (Year)
4 hr/wk, 40 wk/yr
Will continue

**Self organized independent musician, Main music producer**
Original music production and composition with FL studio, created soundtracks for video games online.

## Student government or politics

9 (School)
3 hr/wk, 24 wk/yr

**New Hyde Park Memorial High School Class of 2027, President**
Helped plan and prepare for class events and in-school contests. Cooperated with other class officers.

## Other

9, 10, 11, 12 (Year)
6 hr/wk, 50 wk/yr
Will continue

**N/A**
Went to the gym to lift weights, do calisthenics, and cardio

## Responsibilities and circumstances

### Household responsibilities

• None of these

### Circumstances

• None of these

PREVIEW

# Writing

## Personal essay

**Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.**

I watched in disbelief as every crevice of my basement got covered in shaving cream. My friends and I stood frozen in a putrid fog of Axe body spray, covered head-to-toe in the foamy substance. I had expected some rowdiness during the sleepover but not the complete destruction of my basement. Only one thought raced through my mind: “How on Earth would we clean up this mess?”

In middle school, I had desperately strived for perfection. Any slight deviation from a perfect score on anything would worry me. Whenever anything didn’t go my way in the slightest bit, I would get stressed and attempt to make things work out in my favor. I let my desire for flawlessness dictate my mood for days. As I matured, I realized that this was only slowing me down, and that life would only get messier as time passed. Standing in the wreckage of my parents’ basement, something clicked within me: I had truly changed. The shaving cream was way out of line and was totally something that I did not want to happen to the basement. Instead of panicking, I remained calm. Instead of scolding my friends, I told them, “Well that was fun. Now let’s clean this mess up.”

The sleepover led me to realize that I was no longer the worrisome perfectionist child I was before. I understood that complaining and stressing over irritating yet irreversible events would be a waste of time and effort. Learning how to stay happy and laugh when faced with sudden chaos is a skill, and it’s proven to be useful in my day-to-day life.

After finally publishing an independent video game that I had spent months working on, I was immediately hit with a wave of bug reports and game design critiques instead of praise. I sat at my computer for hours wondering where it had all gone wrong, and contemplating whether months of work had gone towards nothing. In the midst of my internal conflict, I realized that broken code was like shaving cream in my basement, so I started to clean it up. While my past self would have had a panic attack at the sight of these complaints, I responded with humility and a motivation to improve my game. I was only able to create a finished product that I’m proud of because I was able to face hardship head on. This mindset has helped me appreciate the challenges and difficulties I have faced during high school, just as much as the achievements and successes.

This persistence drew me towards studying mathematics. The world is a very messy and chaotic place, and mathematics aims to create order out of this disorganized world. A math problem is like a mess: Not only do you need the right cleaning tools and appliances, you also need the right mindset, patience and most importantly, bravery. Upon facing a math problem you are unable to solve, it would be wrong to blame the question, and get angry at it. You would need to be brave and think rationally. Any problem can be solved with patience and the right attitude.

As I move on to college, I know that the road ahead will be just as messy as my basement was during the sleepover. There will definitely be times where I will struggle and face hardship. When this happens, I won’t freeze or complain. I will just roll up my sleeves, assess the mess, and start cleaning it up.

# Rochester Institute of Technology questions

## General

| | |
|---|---|
| **Preferred start term** | Fall 2027 |
| **Admission Decision Plan** | Early Action |
| **Academic Load** | Full Time |
| **Do you plan to apply for Financial Aid?** | Yes |
| **Housing Plans** | RIT campus housing |
| **Have you previously applied to Rochester Institute of Technology?** | No |
| **Testing plan** | Yes, I would like my SAT/ACT scores considered when evaluating my application for admission |
| **Applying through NYS Higher Education Opportunity (HEOP) Program?** | No |

## Academics

| | |
|---|---|
| **Are you applying for support services from NTID?** | N/A - I am not deaf, hard of hearing or a cochlear implant/ hearing device user |
| **1st Choice** | Applied Mathematics |
| **Math Coursework Completed** | Algebra I, Geometry, Algebra II/Trigonometry or equivalent, Pre-Calculus or equivalent, Calculus, Other Math |
| **Science Coursework** | Earth/Physical Science, Biology/Living Environment, Chemistry, Physics, Other Science |
| **Consider for Alternate Majors** | Yes |
| **2nd Choice** | Computational Mathematics |
| **Customized Path (SOIS)** | Yes |
| **College Level Courses** | Advanced Placement (AP), College courses offered through your high school (Dual Enrollment) or directly at a college/university |
| **PreProfessional School?** | None |

PREVIEW

## Specialized Activities

**Honors Interest** Yes

**Honors Statement**

"There's no other class in New Hyde Park Memorial High School that sharpens your critical thinking skills like AP Chemistry," I tell younger students contemplating whether they should drop the course. I've always sought out random challenges, whether it's putting myself on a calorie deficit or learning a new cello piece beyond my skill. AP Chemistry was definitely the most difficult of these challenges. There were times where I spent hours memorizing definitions and formulas, wishing I had taken AP Physics instead. While chemistry isn't heavily emphasized in my major, I believe the challenges of taking the hardest course offered by my school taught me resilience and dedication that no other course at my school could have. At RIT honors, I plan on facing more random challenges and using the opportunities given to me to strengthen myself as much as possible.

**Performing Arts Interest** Yes

**Entrepreneurs Academy Interest** Yes

**Extra-curricular options** Art Experience, Performing Arts Scholars, Research

**ROTC Interest** None

**If you wish to submit your resume, you may upload it here.**

Uploaded document attached.

## Other Information

**How did you first become aware of RIT?** Teacher/School Counselor

**Primary RIT Motivator** Opportunities to Create and Be Innovative

**School Specific Fee Waivers** Brick City App

**Disciplinary & Criminal History** No

## Affirmations

By submitting this application, I affirm my understanding of and agreement to the statements found here: http://www.commonapp.org/affirmations.

## EXTRACURRICULARS

### Orchestra

2021 - Present

- Participated in the school's orchestra, string ensemble, non-classical orchestra and district music festival.
- Equipment manager of the school's non-classical orchestra.
- Received a perfect score on NYSSMA All-State for Cello.
- Received an A+ on Level VI Piano NYSSMA.
- Participated in NMEA All-County Festival.
- Participated in the pit orchestra for the musical.

### Senior High Mathletes - President

2023 - Present

- Received perfect scores on NCIML math competitions.
- Attended weekly meetings and presented solutions to NCIML problems.
- Participated in NCIML math competitions, AMC 10, and the Nassau Math Tournament.
- Received the highest cumulative competition score in the school.
- Helped the team win the district championship.

### Science Olympiad - Vice President

2022 - Present

- Participated in numerous tests, building, and lab competitions.
- Received 3 Bronze Medals and 1 Silver Medal.
- Learned teamwork, management skills, and how to deal with constraints.

## EDUCATION

### New Hyde Park Memorial High School

- 102.877 Weighted GPA, 98.944 Unweighted GPA, Class Rank 1/286

Class of 2027

## PROJECTS

### Game Dev

- Created an incremental game using JS/CSS/HTML
- 15000+ players, over 700,000 hours of playtime.
- Learned how to professionally manage a community of players, volunteer testers, and programmers.
- Learned how to take feedback and constructive criticism.
- Composed an original soundtrack for my game using FL studio.

## SKILLS

Extroverted and Sociable.

Disciplined and Motivated.

Piano and Cello improvisation skills.

Basic JavaScript, CSS, and HTML programming.

Found success tutoring Chemistry, AP Chemistry, Algebra I, Geometry, Algebra II, Precalculus, AP Calculus BC and AP Statistics.

Music production with FL Studio

Music notation with musescore

## HONORS

School Valedictorian

Xerox Award for Information and Innovation Technology

NYSSMA All-State Alternate

AP Capstone Diploma

National Honor Society

Tri-M International Music Honor Society

Science National Honor Society

Mu Alpha Theta Math Honor Society

Rho Kappa National Honor Society

National English Honor Society

AP Scholar with Distinction
